Categories: No Record

Sorry George. None up us was watching our email closely in the room and missed your message.

We worked through the spreadsheet for awhile longer until regulation fatigue set in.

We spent the remaining time discussing the process moving forward, given WI's tight timeline.

We will regroup here and be back in contact with you.

Thank you and Nizzana for all of your helpful comments and insights.

Mark

You guys are not on the conference line right now. We were cut off about 10 minutes ago. Let us know if you get into it again.

George
